Class of 1943 Nicholas Barresi married his sweetheart, 1946 Miriam Consentine Barresi 65 years ago this coming November 2011. They were married in St. Margaret's Church in 1946. They visited Saugus in November of 2007 because Nick was inducted into the Football Hall of Fame. Nick was the 'oldest' inductee with dozen of family members and old friends in attendance. Nick's nephew, Ronnie, and great nephew, Joe, were already in the Hall of Fame. Three of Nick's four surviving sisters are in their 90's now – sadly all of his brothers

have passed away. We wish you many more healthy years ahead. If you remember Nick and Miriam, call them and say hello 559 924-3261. Their address is 896 Mike Lane, Lemoore, CA 93245.

The Class of 1960 SHS celebrated their 50th reunion in style on Friday, October 1, 2010 at the Peabody Marriott. Featured on the last page of the Feb. 2011 newsletter were pictures of the officers and/or committee members who assisted in the success of the 50th. There was one picture that somehow got eliminated from that page... my friend Donna Scourtas Dixon. She burned all the CD's with the (50-60's music) and gave them to all our classmates. I hope I am forgiven! *Judi Franklin Alabiso*

Reading recent articles on former classmates inspired Class of 1978 Mike St.Pierre to write us on recent developments involving his family of four in California. After graduating from college in 1982, Mike relocated to California and served initially in the chemical industry and later in the environmental services business. Today he is employed by Seacor Environmental Services, one of the prominent contractors engaged in the cleanup of the BP Deep Horizon spill in the Gulf of Mexico. Mike's wife of twenty years is a native Californian and works at Clorox Research Center as a food testing panelist. His oldest daughter Stephanie attends Sacramento State University, is majoring in Business Administration and aspires to be "president of her sorority." Shown below is a picture of his youngest daughter Emily, a member of the Amador Valley High School cheer squad. Emily's team recently competed at the USA Nationals where 6000 cheerleaders ascended upon Anaheim, CA for a three day competition. Her team captured first place against a tough pool of competitors from all across the western United States. Emily is on the right in first picture and on the left in the second picture. *Mike St. Pierre*

Saugus High Library is in the process of being transformed into a "Learning Commons!" Since December of 2010, there has been a concerted effort by both our Superintendent Richard Langlois and our Principal, Joseph Diorio, to rejuvenate and update our library and offer the school community the advantages of 21st Century educational technology. Many Alumni would not recognize the new resource center that has replaced our high school library.

Gone, are the old card catalog, TVs with VCR, DVD players, and overhead projectors. The records of all of our books are in the process of being entered into a database that will allow students and teachers to access the new "Learning Commons" collection on the Internet.

Yes, all of our students and teachers are now able to find our school's learning resources, including numerous subscription databases from any Internet connection. Televisions and overhead projectors have been replaced in many class rooms by the innovative technology of computer driven "smart boards" that allow students and teachers to access and create limitless educational resources via the Internet.

In addition, the old library has been spruced up with a new, eye-pleasing coat of paint. Seven new, leather couches and easy chairs have been added. Twenty new computers are now available for students and teachers and we have a new multipurpose circulation desk. (Look for pictures of our new "Learning Commons" on our website.) Needless to say, our transformed library has become "the place" for students to visit before school, during lunch and after school. And teachers are lined up to have their classes take advantage of the school's new resources. The "Learning Commons" often accommodates up to three classes at a time! Thanks to all those generous Alumni who continue to help support our efforts. *Ron Weekley*

Robert (Bob) Wentworth Class of 1948 passed away on his 80th birthday, July 6, 2011 Bob was a big supporter of the Alumni Assoc. We extend our condolences to his wife Barbara (Lindquist) Class of 1952 and family. A wonderful friend to all, Bob will be missed by his family, friends and the Alumni Association.

Good News/Bad News - Good news for Ron Weekley, SHS School Librarian. He is retiring after 33 years of protecting the books and caring for the school library. Bad news for us, we are losing a great friend and supporter of the Alumni Association. He has always been helpful, supportive, cooperative and kind to one and all. He began assisting the Alumni Association from the beginning of his career at SHS. He stored yearbooks for us, found yearbooks for us. Scheduled meetings for us, rescheduled meetings for us. Tracked down students for us, followed up with students for us. Pretty much anything we asked for Ron was there to help us. When he mentioned that the library needed a new rug we found we could finally help him. When he found books missing from the library, we asked what could we do to help and when he said security was needed. We bought it for the library. It was always a give and take relationship that we appreciate and value. A true educator, he was always looking for a way to mentor

students, encourage them, help them achieve their goals and lend a kind word. He knew you could always get more out of students with sugar than with vinegar. He didn't put up with nonsense though. He made sure that the students respected the library and its contents. Ron is retiring to travel with his wife and babysit his grandson Jake. He promises that he will be back to help us where and when he can. We plan on holding him to that promise. We wish he and wife all the very best!

As you look at your past and your many memories through the years at Saugus High, and feel you want to give back to your alma mater, please consider giving money to Saugus High Alumni Assoc. Any amount you wish to donate over \$100 will be tax deductible. You can do this by making a check payable to SHS Alumni Association, PO Box 1305, Saugus, MA 01906. *"If you share a good idea long enough, it will eventually fall on good people." Jim Rohn*

We thank the dedication to our current members, Tia Leighton Kramer, Julie Carter Piercy, Cam Perillo Cicolini, Charlotte Rupright Line, Phyllis Bragg Anthony, Lisa J. Class of 1974 Leo and Andrea Cakounes appeared in the Cape Cod Life 2011 Annual Guide. My grandparents started a farm when he came to Saugus. It grew to be one of the largest pig farms in New England in the 30's and 40's. From 1970 to 1990 it was a decline where a lot of people were put out of business because of urban sprawl. I saw my grandfather virtually put out of business. He died an extremely wealthy man after selling off lots of his farm. Andrea and I both wanted to have a lifestyle that is really the agricultural lifestyle. We wanted to own land, we wanted to raise a family and have our children grow up in an agricultural world. The reality of trying to do that on Cape Cod struck real early. Both of us came from the same town and it grew to be very city like. There is no dispute that the commercial cranberry business started in this part of Cape Cod. "We've come miles with the way people accept agriculture flow. They want to know where their food is coming from; they want to know where it's being produced. It's an entirely different world, and it's great." *Leo Cakounes*. To read the entire article on the Cranberry Farmers....go to www.capecodlife.com and put in Cakounes.
